## **Emdeon – Renaissance Migration**

Dear Doctor & Staff;

As you may be aware, Emdeon Electronic Claims service is transferring the electronic claims submission process for filing claims to Renaissance Systems and Services. EasyDent was told this would be 100% transparent to us and our clients.

Our understanding is that the target date for conversion to the new Renaissance interface is not until September, so there should be no rush.

### **We highly recommend:**

- 1) Call Data Tec, and we will help make sure you have the latest version of EasyDent on your computer. (636) 256-7401
- 2) When you have the new Renaissance remote program installed, make sure that they install their latest version. As of today, the version is 1.4.1.
- 3) If you have any problems with this process, please be sure to call and let us help.

Thank you for your assistance in this process.

Sincerely,

*Peter Goodall*
