May Newsflash

Enhancements

We have made several enhancements during the last month. You can check out the list of our current enhancements on our website www.ezdent.com

There is one enhancement we especially want you to benefit from right away. For some clients, it has already **increased revenue by \$2,000 per month or \$24,000/year!**

The Schedule Name Pop-Up Window has improved.

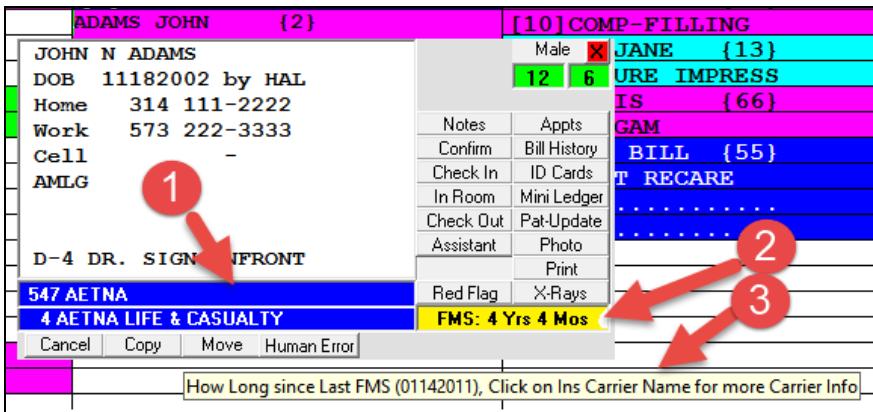

1- It now displays both the Primary and Secondary Insurance Carrier.

If you click on a Carrier name, you will see even more info.

2- Automatically displays how long it's been since the last Full Mouth Series "FMS" displayed for either a **FMS** or **Panorex**.

If it's been over 2 Years and 10 Months or they have never had a FMS it will **flash**.

3- If you place the mouse over the FMS field, the actual FMS date will be shown.

If their insurance pays for the Complete X-Rays every 3 or 4 years, you will be alerted that they are due. Doing the math: if you added 20 Panorex or Full Series of X-Rays at \$100 each per month, you could increase your revenue \$2,000.00 per month!

You will need to install the latest Internet updates for this enhancement. If you would like help doing this please give us a call. Phone (636) 256-7401
